

BOLDKIT

Features

Storage

The essentials

Reliable

We use powerful technologies by Amazon & Google to store your data.

Fast

Our video streaming is powered by a world-leading CDN.

Secure

All communications are encrypted and secured with SSL.

Large files support

We store files up to 5GB.

Profile

Where your videos live!

Location filter

Sort your own and others' videos by location.

Search

Instantly search your own footage.

Private profile

Just want to browse or use our playback features without sharing? That's cool.

Private videos

Want to keep individual videos for your eyes only? We got you covered.

Embed & share

Share the rush anywhere on the web.

Friends & fans

Your loved ones get notified of your updates. You also discover new heroes.

Playback

Multiply the awesome

Highlights

Like a bookmark, but so much more awesome.

Slow motion

Go from "whoa" to "who-o-o-o-o-o-o-o-o-o!"

Hashtags

See who has the best #trick, #takeoff, or #wipeout... Your pain is our pain.

Rotate your videos

So your friends can keep their necks straight.

Multiple angles

Select another camera and watch that wheelie from above, below, behind and in front.

Frame by frame

Coming soon! Let's get forensic.

GPS support

Calculate velocity, distance traveled and other metrics in your videos!

Mobile support
